EA statement on the War in Ukraine

EA and its members stand for democracy, transparency and partnership. Hence, EA strongly condemns the invasion of Ukraine by Russia. This is a clear violation of international law, and it poses a real threat to peace and security in Ukraine, Europe and beyond.

Our thoughts are with our Ukrainian colleagues and friends from NAAU, the National Accreditation Body of the Ukraine, and with all Ukrainian people.

In solidarity with the Ukraine, EA supports the strong measures of the European Union and its European and International partners to defend international rules and to support Ukraine and its people.

EA urgently calls for an end of this horrible war!
